

## Pennsylvania Self Storage Owners & Operators

In 1998, approximately 20 self storage owners formed the PASSA; since then PASSA has grown to more than 275 members.

### The association formed:

- To provide leadership and open lines of communication on issues that affect the self storage industry within PA;
- To define standards of excellence in the self storage industry within PA;
- To increase members knowledge of the industry through research, discussion and the exchange of information;
- To protect our members from adverse legislative actions, monitor all legal cases involving self storage in PA and provide a “voice” for the PA self storage industry;
- To support, communicate and cooperate with the national Self Storage Association (SSA) as a chapter affiliate.

It is vital to your business to have an entity in place representing your views and the views of the industry.
